CHAIRMAN'S MESSAGE

Greetings to all the Shareholders!

Welcome to ACE INTEGRATED SOLUTIONS LIMITED. It is my privilege to present to you an update on the strategic direction and future vision of ACE Integrated Solutions Limited.

For several years, the Company has been a trusted partner to major Government bodies, providing human resource and recruitment services, conducting pan-India examinations, and delivering end-to-end solutions with credibility and reliability. These efforts have established ACE as a name synonymous with trust, scale, and integrity. In recent years, however, the examination and recruitment industry has become increasingly challenging and less viable. The sector is exposed to significant risks and liabilities, including:

Escalating incidents of malpractice and organized cheating, both in physical centers and through remote online modes. Question paper leaks and data breaches, which pose severe reputational and compliance risks.

High litigation exposure, where even isolated failures can lead to legal consequences, financial penalties, and long-term damage to credibility. Rising operational costs of manpower, infrastructure, and security protocols, which are outpacing margins. Rapid technological disruption, with Artificial Intelligence and automation reducing the long-term need for large-scale traditional examinations. Public scrutiny and regulatory pressures, where any lapse attracts widespread media attention, eroding stakeholder confidence.

Given these realities, the continuation of large-scale examination services no longer aligns with the Company's long-term interests or shareholder value creation. The strategic decision to pivot away from this industry is therefore both timely and essential.

Although instead of government recruitment, We're exploring opportunities in private training and recruitment.

In 2019, the Company took its first step towards diversification by executing a joint venture project for NCRTC in the field of, construction management, and architecture. Building on this foundation, ACE has redefined its objectives and is now focused on the following sub-verticals. Architecture, Interiors, Building Information Modelling (BIM), and Turnkey Construction Projects. Training in Architecture, Design, and Technical/Non-Technical Skills for the Construction & Design Industry

Ace has taken initiative in Co-Working Space area by developing 50000 Sq.feet area in Noida.

In addition, ACE is exploring opportunities in cutting-edge technologies, with a particular emphasis on defense applications and online exploration platforms. These areas represent high-growth potential and align with the Company's long-term objective of building a diversified, future-ready portfolio. We also recognize that pivoting into new business domains will require time, sustained effort, and disciplined execution. This transformation is both a challenge and an opportunity. The continued trust and support of our shareholders will be vital as we navigate this path and work to establish ACE as a significant player in its chosen focus areas.

The Board acknowledges and appreciates the dedication and resilience of the ACE team in driving this transformation. With continued focus on innovation, operational discipline, and strategic execution, the Company is confident of delivering long-term value creation.

On behalf of the Board and the management team, I extend sincere gratitude to our esteemed shareholders for their unwavering confidence and support.

Warm regards,

Chandra Shekhar Verma
Chairman & Managing Director

STATE OF THE COMPANY'S AFFAIRS

For over 28 years, ACE Integrated Solutions has been a trusted leader in HR and recruitment, successfully completing 500+ projects across India. Building on this strong foundation, over the past five years we have diversified into Building Information Modeling (BIM) and technology solutions for major government construction projects. Today, we specialize in CAD and BIM drafting, documentation, and allied technology services, designed to meet the stringent requirements of large-scale infrastructure developments.

The year FY 2025 unfolded against a backdrop of global uncertainty. Inflationary pressures, supply chain disruptions, and geopolitical tensions challenged the world economy and disrupted trade and investment flows. Yet, amidst these headwinds, India stood out as a beacon of resilience and growth, reinforcing confidence in its long-term economic potential.

At ACE, we are strategically expanding into forward-looking divisions to strengthen our relevance and impact. Alongside our established expertise in HR Services, we are actively building new verticals in Architecture, Construction & Engineering, Mobile & Web Development, and Import & Export. These business lines are being aligned with emerging opportunities in Information Technology, Smart Class Education, Building Design, and Infrastructure Development—all of which add value to our growth and sustainability.

OVERVIEW OF INDUSTRY STRUCTURE AND DEVELOPMENT

India holds an important place in the global education industry. The country has over 250 million school going students, more than any other country. The Government of India has taken initiatives like National Accreditation Regulatory Authority Bill for Higher Educational and the Foreign Educational Institutions Bill. India has the largest population in the world in the age bracket of 5-24 years with 580 million people, presenting a huge opportunity in the education sector. India has one of the largest higher education systems in the world. However, there is still a lot of potential for further development in the education system.

The education market in India is expected to amount to US\$ 225 billion by FY25. Indian Education sector is expanding with the help of technology. It is enabling to overcome barriers of distance and scale. Technology provides educators with new ways to tailor instruction to meet the needs of individual students. Many universities and education institutes have started using technology for various processes like Online Admission, Examination Management.

With cutting-edge technologies such as AI, ML, IoT and blockchain, India's education sector will redefine itself in the years to come. It has also embraced the Education 4.0 revolution, which promotes inclusive learning and increased employability.

India is one of the largest education markets in the world and as per the official data of the Ministry of Education, the GER in higher education level in India was 27.1 percent, which means that around 27 out of 100 students in the eligible age group (18-23 years) were enrolled in higher education. With higher education institutes of repute being less and competition increasing every day, every good course is opting for entrance tests.

The Company is a leading trading of speciality chemicals. Speciality chemicals is knowledge chemicals which require specialized skills and knowledge in terms of chemistry and engineering capabilities, Environment, Health and Safety (EHS) management, material handling and effluent treatment.

Speciality chemicals are required in a number of end use applications ranging from the Life Sciences (Agrochemicals and Pharmaceuticals) to Fast Moving Consumer Goods (FMCG). All speciality chemicals are subject to varying degrees of regulatory requirements and the demand for these chemicals can be impacted by changes in regulations. Each Country / Region is conscious of Global warming and its impact; thereby working towards regulations that will protect their territory/geography. This effort however is frequently overshadowed by compulsive industrialisation to meet current global changes and needs.

The Size of the Indian chemicals industry is estimated at US \$300 billion by 2025. (Source: www.investindia.gov.in.) Even though there are varying estimates, the share of the speciality chemicals can be considered to be at 25% of the total chemicals industry. Post Covid, global market is

looking forward to India as the alternate Industrial hub as we give more reliability and assurance in our business approach. It's a handshake approach where both sides are keen to align for their own good with a WIN-WIN approach in mind.

However, China given the abundance of feedstock reserves and large production capacities, continue to offer stiff competition and challenge our growth. Resilience will be the key to garner courage and counter competition to make it possible for the world to rely on India in the years to come.

Ace integrated Solutions Limited is an India's leading Recruitment & Examination Services Management Company, bringing together the Domain Expertise and innovative skills required for the successful execution of the project every time with highest level of security and customer satisfaction. We have over 16000 Sq. Ft. area which is well equipped with the Equipment and machinery required for the execution and production of all the deliverables involved in any of the Recruitment and Examination Project. During FY 2024-25, The Company also involves in the business of paper trading, printing and trading of speciality chemicals.

OPPORTUNITIES AND CHALLENGES

The online test preparation industry is seeing investment from technology start-ups who want to cash in on the need of student for flexi learning at lower costs. A lot of advantages make this mode of learning popular:

- Removes physical barriers for greater reach and can target larger masses. The far rung areas where the student does not have access to coaching benefit the most with this mode of learning.
- Flexibility in studying. Online and digital courses are downloadable, can be accessed anytime, anywhere and allow a student to multitask while studying.

The Indian online education market has a huge opportunity for businesses including:

Coverage of education: Many regions in India still lack basic education infrastructure. With internet penetrating even the remotest areas, these areas can be targeted for services.

Youth targeting: Indian youth is technology savvy and looking for ways where they can study while earning or doing other things. The student doesn't want to be confined to the four walls of their house but have an option to study anywhere.

Exams going national: Earlier each state used to conduct their own exams for entrance but with the exams going national, online test prep players can formulate courses for a whole nation's audience instead of local focus.

Despite the excitement that these opportunities bring, it cannot be emphasised enough that like every business, entering the online test preparation industry is also not a cake walk. It poses many challenges which have to be curtailed to get a foothold in this industry. Some of these challenges are listed below:

Lack of awareness and access: In spite of the industry's growth, there are millions of students who still lack awareness about these courses.

Change in learning methodology: Our school systems have always emphasised on learning within a fixed period of time and our intelligence calculated on our speed of learning. With online learning, the system has reversed.

Competition with traditional preparation centres

The popular mindset still considers traditional coaching where they can see a teacher and interact physically to be better than a virtual teaching mode where a student practically studies alone.

Current examination process includes many activities including exam paper generation, distribution of exam paper to the respective centers in secure way, conducting the exam, collection of answer sheets and passing those answer sheets to examiner for checking, moderation of the answers, result declaration. Traditional examination process is time consuming and result declaration process gets delayed. Another aspect of this traditional process is it is depending on human work so it is prone to error.

Internet Penetration

Internet penetration in India is enabling things for improvement in examination process. Many educational institutes have started using Online Assessment Platform to conduct examination. Online Assessment process brings automation to overall examination process and result processing becomes easy, manual errors also get reduced drastically.

Challenge of internet

Even though internet penetration is decent in India but still there is issue for its availability and speed in some of the areas mainly at tier 2/3 cities or rural India. In case of internet failure or non-satisfactory performance, conducting online examination may become challenging.

Local Deployment of the Service

Online assessment can be conducted with the help of online/ Offline combinational model. In case of areas where internet is a challenge, examination can be deployed on local server machine and users who want to appear for the assessment can connect to this local server. Users can complete their assessment without internet connection. As soon as assessment process is completed local server gets synced with the main server to save assessment details for the candidate.

Usage of Flash Drive/ CD to Conduct Assessment

Online assessment can be conducted with the help of setup deployed on Flash drive/ CD. Such setup can be executed on local machine to initiate the assessment. Entire assessment/ examination process would be conducted offline on local machine using local machine capability. There would be need of internet only when information is to be submitted to main server for result processing.

Business Performance of the year (2024-25) and Outlook for (2025-26)

The Financial year 2024-25 experienced a cautious behavior by the Company after repeated years of heavy buying and overstocking. In the Year 24-25 The market growth has not been as expected due to introduction of indigenous chemical. Due to this, The margin has also significantly narrowed down.

The product market is relatively meagre and hence the company has decided to not to move forward ahead toward more stocking of such product & this domain in the upcoming year.

RISKS AND CONCERNS

Following are the areas of concern and risk for the Company: -

1. **Major fraud, lapses of internal control or system failures could adversely impact our business.**
2. **We face multiple nature of problems in our business, which may limit our growth and prospects.**

The large-scale country-wide Examination Management projects are beset with multiple nature of problems, due to factors like:

Examination Management Related Issues

- Adoption of corrupt practices by candidates and recruitment racket groups at examination venues
- Leakage of question papers,
- Impersonation of candidates during examination
- Misuse of mobile based Social media tools to send question papers and get them solved by outside groups i.e. WhatsApp, Telegram, Facebook etc.
- Non-professional management of Examination processes,
- Operational issues of security printing of Question papers, delivery and receipt of sensitive documents.

Examination Center Related Issues

- Lack of availability of proper examination centers.
- Lack of proper co-ordination in Pre-examination and post-examination activities and logistics errors.

3. Our growth will depend on our ability to build our brand and failure to do so will negatively impact our ability to effectively compete in this industry.

We believe that we need to continue to build our brand, which will be critical for achieving widespread recognition of our services. Promoting and positioning our brand will depend largely on the success of our marketing efforts and our ability to provide high quality services. The brand promotion activities that we may undertake may not yield increased revenues, and even if they do, any increased revenues may not offset the expenses we incur in building our brand. If we are unable to promote and maintain our brand, our business, financial condition and results of operations could be adversely affected.

4. We are required to obtain and maintain Certain Governmental and Regulatory licenses and permits and the failure to obtain and maintain such licenses and permits in a timely manner, or at all, may adversely affects our business and operations.

We are required to obtain and maintain certain approvals, licenses, registrations and permits in connection with its business and operations. There can be no assurance that we will be able to obtain and maintain such approvals, licenses, registrations and permit in the futures. An inability to obtain or maintain such registrations and licenses in a timely manner or at all, and comply with the prescribed conditions in connection therewith may adversely affect our ability to carry on our business and operations, and consequently our results of operations and financial conditions.

5. Interest rate fluctuations may adversely affect the Company's business.

6. Any unexpected changes in regulatory framework

7. Our operations could be adversely affected due to change in technology

As our company engaged in providing a key solutions and services namely technical consultancy, examination management, result processing and ITES Services and also, we have developed special solutions in the areas of enterprise on line examination system to enable digital interface and modern concept of internet based pro-metric and secured testing services. In case if we could not able to update ourselves in view of change in technology or unable to adopt the new technology, it could adversely affects our operations.

8. Changes in the Government Policy could adversely affect economic conditions in India generally and our business in particular.

9. Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse effect on our business, financial condition and results of operations.

10. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

11. Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunami, and floods in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operation as well as the price of the Equity Shares.

12. Risks and Concerns - Speciality Chemicals' Business -

The Financial year 2024-25 experienced a cautious behavior by the Company after repeated years of heavy buying and overstocking. In the Year 24-25 The market growth has not been as expected due to introduction of indigenous chemical. Due to this, The margin has also significantly narrowed down.

The product market is relatively meagre and hence the company has decided to not to move forward ahead toward more stocking of such product & this domain in the upcoming year.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company maintains a system of adequate Internal Control including suitable monitoring procedures. The Internal Control System is supplemented by an exhaustive programme of internal audits and said audits are then reviewed by Audit Committee from time to time.

The Company has adopted accounting policies which are in line with the Accounting Standards and other applicable provisions of the Companies Act, 2013 read with Rule 7 of the companies (Accounts) Rules, 2014. These are in accordance with generally accepted accounting principles in India. Changes in policies, if any, are approved by the Audit Committee in consultation with the Auditors.

The Company has proper and adequate system of internal audit and control which ensures that all the assets are safeguarded against loss from unauthorized use and that all transactions are authorized recorded and reported correctly. The Company continuously improves upon the existing practices for each of its major functional areas with a view to strengthen the internal control systems. The Company has assigned internal audit function to an independent firm of Chartered Accountants. Regular internal audit and checks are carried out to ensure that the responsibilities are discharged effectively. All major findings and suggestions arising out of internal audit are reported and reviewed by the Audit Committee. The management ensures implementation of the suggestions made by the internal auditors and reviews them periodically.

The Board of Directors of the Company have adopted various policies such as Related Party Transactions Policy, Whistle Blower Policy, Policy to determine the materiality of event and such other procedures for ensuring the orderly and efficient conduct of its business for safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ACE INTEGRATED SOLUTIONS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **ACE INTEGRATED SOLUTIONS LIMITED (the "Company")**, which comprise the **Balance Sheet as at March 31, 2025**, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, and the Statement of Cash Flows for the year then ended, and notes to standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. The Director's Report, Chairman's Statement, Management Discussion and Analysis and report on corporate governance is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Managements and Board of Director's Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors and Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be

expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or

when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Standalone Financial Statements.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 1 (i) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid Standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 1 (b) above on reporting under Section 143(3)(b) and paragraph 1 (i) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. – Refer Note 28.D.5 to the standalone financial statements

- ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The company has not declared or paid any dividend during the year.
- vi. Based on our examination which included test checks and information given to us, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.
 - The PPE (Property, Plant, and Equipment) software used by the company did not have an audit trail feature enabled, consequently, there was no audit trail maintained for transactions recorded within this particular software for the whole year.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with during the course of our audit.

- 2. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to information and explanations given to us, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Ace Integrated Solutions for the year ended 31st March, 2025 of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub- section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting of **ACE INTEGRATED SOLUTIONS LIMITED** (the “Company”) as of March 31, 2025 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Managements and Board of Directors’ Responsibilities for Internal Financial Controls

The Management and Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Disclaimer of Opinion

The company has not implemented the system of internal financial controls with reference to financial statements for its business processes considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Control over Financial Reporting and therefore, necessary evidences could not be made available to us to determine if the Company has established adequate internal financial controls with reference to financial statements and whether such internal financial controls were operating effectively as at March 31, 2025.

Disclaimer of Opinion

As described in the Basis for Disclaimer paragraph above, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion on whether the Company has adequate internal financial controls with reference to financial statements and whether such internal financial controls were operating effectively as at March 31, 2025 based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of the financial statements of the Company for the year ended March 31, 2025, and the disclaimer does not affect our unmodified opinion on the financial statements of the Company.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Ace Integrated Solutions Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) We are explained that the management has carried out the year end physical verification of majority of fixed assets. In our opinion, the frequency of physical verification is reasonable having regard to the size and nature of operations of the Company. According to the information and explanations given to us, no material discrepancies were noticed on such verification. The management has adopted physical verification in a phased manner so that all the Property, Plant & Equipment are covered within a period of three years.
 - (c) Based on our examination of record of the Company and information and explanations given, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right- of-use assets) and intangible assets during the year.
 - (e) According to the information and explanations given to us and on the basis of our examination of the record of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
 - (a) Physical verification of inventory has been conducted at reasonable intervals by the management. In our opinion, the coverage and procedure of such verification by the management is appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed during such physical verification by the management.
 - (b) During the year, the Company has not been sanctioned working capital limits in excess of INR 5 crores, in aggregate from banks and financial institutions on the basis of security of current assets and accordingly, the question of our commenting on whether the quarterly returns or

statements are in agreement with the unaudited books of account of the Company does not arise.

- iii. (a) The Company has made an investment in one company during the year. The Company has not granted secured/ unsecured loans/advances in nature of loans, or stood guarantee, or provided security to any parties. Therefore, the reporting under clause 3(iii), (iii)(a), (iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the Order are not applicable to the Company.
- (b) In respect of the aforesaid investment, the terms and conditions under which such investment were made are not prejudicial to the Company's interest.
- iv. The Company has not granted any loans or made investments or provided any guarantee or securities. Hence, reporting under clause (iv) of the Order is not applicable.
- v. According to the information and explanations given to us, the Company has neither accepted any deposits from the public nor any amounts which are deemed to be deposits, within the meaning of Sections 73, 74, 75 and 76 of the Companies Act, 2013 and the rules framed there under. Accordingly, the provisions stated under clause (v) of the Order is not applicable to the Company. Also, there are no amounts outstanding as on March 31, 2025, which are in the nature of deposits.
- vi. The maintenance of cost records has not been specified for the activities of the Company by the Central Government under section 148(1) of the Companies Act, 2013. Having regard to the nature of the Company's business / activities, reporting under clause (vi) of the Order is not applicable.
- vii. In respect of statutory dues:
- (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2024 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and based on records of the Company examined by us, details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2024, on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount demanded ` in lakhs	Amount paid ` in lakhs	Period to which the amount relates	Forum where dispute is pending
The Income Tax Act, 1961	Income Tax	2.90	Nil	2017-2018	Income Tax Appellate Tribunal

viii. According to the explanations and information given to us by the management and as verified by us, there are no transactions which were not recorded in the books of account and have been surrendered or disclosed as income during the year in the tax assessments under Income Tax Act, 1961.

ix.

- (a) According to information and explanation given to us and on the basis of our examination of the record of the company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to lenders.
- (b) According to information and explanation given to us and on the basis of our examination of the record of the Company, the company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not obtained any term loans. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to information and explanation given to us and on the basis of our examination of the record of the Company, it has not raised any fund on short- term basis. Hence, reporting under clause 3(ix)(d) of the order is not applicable.
- (e) On an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. The Company did not have any joint venture or associate company during the year.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries. The Company did not have any joint venture or associate company during the year.

x.

- (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable.

xi.

- (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) Based on our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the provisions stated under clause (xi)(b) of the Order is not applicable to the Company.

- (c) We have been informed by the Management that the company has not received any whistle blower complaints during the year (and upto the date of this report), hence reporting under clause (xi)(c) of the order not applicable.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion and according to information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv.
- (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi.
- (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a) of the Order is not applicable.
- (b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause (xvi)(c) of the Order is not applicable to the Company.
- (d) In our opinion, there is no core investment company within the Group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet

date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx.

- (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. Accordingly, reporting under clause (xx)(a) of the Order is not applicable to the Company.
- (b) Based of our examination of records of the Company and as explained to us, the Company has transferred funds during the year required to be spent on CSR to implementing agencies for designated projects. Based on third party confirmations, we report that there are no unspent amounts u/s. 135(5) of the Act pursuant to ongoing projects being under taken by the said implementing agencies. Accordingly, reporting under clause (xx)(b) of the Order is not applicable to the Company.

xxi. Since this report is being issued in respect of standalone financial statements of the company, hence clause (xxi) of paragraph 3 of the said Order is not applicable.

B Basis of Preparation
Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 (the Act) (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Use of Estimates

The preparation of financial statements in conformity with Ind AS requires management to make adjustments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expense and related disclosure concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and underlying assumptions are reviewed on an ongoing basis and revised if management became aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are recognized in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements. Application of accounting policies that require critical accounting estimates involving complex and critical judgment is disclosed in notes to accounts.

Classification of Assets and Liabilities as Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/noncurrent classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when: - It is expected to be settled in normal operating cycle; - It is held primarily for the purpose of trading; - It is due to be settled within twelve months after the reporting period; or - There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current. Deferred tax assets/liabilities are classified as non-current.

C Material accounting policies
i) Property, Plant & Equipment and Depreciation

The company has elected the option to continue the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the date of transition as per Ind AS 101. Property, plant and equipment are stated at original cost net of tax/duty credit availed, less accumulated depreciation and accumulated impairment losses, if any.

Initial Recognition and measurement

An item of property, plant and equipment is recognised as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When parts of an item of property, plant and equipment have different useful lives, they are recognised separately. Property, Plant and Equipment are stated at cost of acquisition/installation or construction less accumulated depreciation and impairment losses, if any. Cost includes expenditure that is directly attributable to bringing the asset, inclusive of non-refundable taxes & duties, to the location and condition necessary for it to be capable of operating in the manner intended by management.

Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably. The cost of replacing part of an item of Property, Plant and Equipment is recognized in the carrying amount of the item, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. When each major inspection is performed, its cost is recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection (as distinct from physical parts) is derecognized. The costs of the day-to-day servicing of Property, Plant and Equipment are recognized in profit or loss as incurred.

Derecognition

Property, Plant and Equipment are derecognized when no future economic benefits are expected from their use or upon their disposal. Gains or losses on Derecognition of an item of Property, Plant and Equipment are determined by comparing net disposable proceeds with the carrying amount of Property, Plant and Equipment and are recognized in the statement of profit and loss under "Other Income/Other Expenses" when the asset is derecognised.

Depreciation

Depreciation is recognized in profit or loss on a Straight-line method (SLM) basis over the estimated useful lives of each part of an item of Property, Plant and Equipment.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment and depreciated individually.

Estimated useful lives of assets are determined based on technical parameters/ assessment, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Depreciation on additions to property, plant and equipment is provided on a pro-rata basis from the date of acquisition, or installation, or construction, when the asset is ready for intended use.

Depreciation on an item of property, plant and equipment sold, discarded, demolished or scrapped, is provided up to the date on which the said asset is sold, discarded, demolished or scrapped.

The determination of depreciation and amortization charge depends on the useful lives which is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. The residual values, useful lives, and method of depreciation of property, plant and equipment and intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

Residual Value has been taken between 0-5%

Useful life of the all Property, Plant and Equipment and Intangible assets are in accordance with Schedule II of the Companies Act, 2013 which are as follows:

Property, plant and equipment	Useful Life of Asset (In year) as per Schedule-II	Useful Life of Asset (In year) as adopted
Plant & Machinery	15	15
Motor Vehicle	8	8
Office Equipment	5	5
Computer	3	3
Servers/Networks	6	6
Electrical Installation	10	10
Furniture and Fixtures	10	10

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

ii) Impairment of Assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis. In such cases, the recoverable amount is determined for the Cash Generating units (CGU) to which the assets belong. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of asset.

Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the assets no longer exists or have decreased.

iii) Revenue Recognition

The company trades in paper and speciality chemicals. Revenue arising from sale of products is recognized when significant risks and rewards of ownership have passed to the buyer under the terms of contract and the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Company.

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods provided in the normal course of business, net of discounts, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Any retrospective revision in prices is accounted for in the year of such revision.

Rendering of services

Revenue from time rate contracts are recognized based on time spent and /or parameters achieved in accordance with contracted terms. The Company collects service tax on behalf of the government and, therefore, it is not an economic benefit flowing to the company, hence it is excluded from revenue.

Revenue from fixed price construction contracts is recognized under percentage of completion method. Percentage of Completion method is determined as a proportion of cost incurred upto the reporting date to the total estimated contract cost. However, when the total project cost is estimated to exceed the total revenues from the project, the loss is recognized immediately.

Revenue from service contracts billed on a cost plus mark-up model is recognised on an accrual basis as and when the services are rendered and in accordance with the terms of the contracts. Revenue from services also comprises salaries and personnel expense, facility operating costs, general and administrative expenses, depreciation/amortization expenses and other statutory cost incurred for group companies and charged on a cost plus mark-up basis in accordance with the respective agreements and are recognised as and when these services are rendered.

Revenues from all other services are recognized as and when these are completed.

The billing schedules agreed with customers include periodic performance-based billing and / or milestone-based progress billings. Revenues in excess of billing are classified as unbilled revenues, while billing in excess of revenues is classified as contract liabilities (which we refer to as "unearned revenues"). For examination conduction, the performance obligations are satisfied as and when the services are rendered.

Interest Income:

Interest income is recognised on time proportion basis.

Other Income:

Any Other Income is recognised in the Statement of Profit and Loss Account as and when accrued.

iv) Inventories

(i) Inventories are valued on FIFO basis at lower of cost or estimated net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at cost or above cost.

(ii) Cost of Work in progress includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

(iii) Cost of finished goods and work in progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

(iv) Scrap is valued at Net Realisable Value.

v) Taxation

(a) Current Tax

Current tax expense is recognized in statement of profit and loss based on current tax rate in accordance with the provisions of Income Tax Act, 1961.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Current income taxes are recognized under "income tax payable" net of payments on account, or under "tax receivables" where there is a credit balance.

(b) Deferred Tax

Deferred tax is provided in full using the balance sheet method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

(i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

(ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary

differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or direct in equity.

vi) Provisions, Contingent Liabilities and Contingent Assets

Disclosure of contingencies as required by the Indian accounting standard is furnished in the Notes on accounts.

Provisions are made when (a) the Company has a present obligation as a result of past events; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate is made of the amount of the obligation.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes. Contingent assets are not recognized. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, and is recognized as an asset. Information on contingent liabilities is disclosed in the notes to the financial statement. A contingent asset is disclosed where an inflow of economic benefits is probable.

vii) Financial Instruments

(a) Financial Assets

Initial recognition and measurement

The company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Purchase and sale of financial assets are accounted for at trade date.

Subsequent Measurement: Non-derivative financial instruments

Financial assets carried at amortized cost (AC)

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(b) Financial liabilities
Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings etc. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs, if any.

Offsetting of Financial Liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

viii Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits.

ix) Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments. Operating Segments are identified and reported taking into account the different risk and return, organisation structure and internal reporting system.

x) Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is material to the fair value measurement as a whole:

Level 1- Quoted(unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is material to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is material to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reasoning categorization (based on the lowest level input that is material to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Fair Value Hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in an orderly transaction in the principal (or most advantageous) market at measurement date under the current market condition regardless of whether that price is directly observable or estimated using other valuation techniques. The Company has established the following fair value hierarchy that categorizes the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example traded bonds) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Fair value of financial assets and liabilities measured at amortized cost

As of March 31, 2025 and March 31, 2024 the fair value of cash and bank balances, trade receivables, other current financial assets, trade payables and other current financial liabilities approximate their carrying amount largely due to the short-term nature of these instruments. For other financial assets that are measured at amortised cost, the carrying amounts approximate the fair value.

2
Financial risk management

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements.

a) Credit Risk

Credit risk is the risk that counterparty might not honor its obligations under a financial instrument or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments

(i) Trade Receivables.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by trade receivable buyout facility without recourse, letters of credit and other forms of security.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables and contract assets as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The group assigns the following internal credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of the financial assets. The group provides for expected credit loss based on the following.

Category	Description of category	Basis of recognition of
High quality assets, negligible credit risk	Assets where the counterparty has strong capacity to meet the obligations and where the risk of default is negligible or nil	Lifetime expected credit losses (simplified approach)
Quality assets, low credit risk	Assets where there is low risk of default and where the counterparty has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past	Lifetime expected credit losses (simplified approach)
Doubtful assets, credit-impaired	Assets where there is high risk of default and there is no reasonable expectation of recovery, the group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.	100 % provision is considered for doubtful assets, credit impaired

b) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks: Foreign exchange risk, Interest rate risk and other price risk.

Interest Rate Risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. The Company mitigates this risk by regularly assessing the market scenario and finding appropriate financial instruments like Interest Rate Swap.

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:-

Particulars	As at March 31, 2025	As at March 31, 2024
Loans - Variable Rates		
Long Term Loan	8	14
Short Term Loan	6	6
Total	14	20
Impact on Interest Expenses for the year on 1% change in Interest rate		
Particulars	As at March 31, 2025	As at March 31, 2024
Impact on P&L	0.14	0.20
Total	0.14	0.20

Commodity Price Risk

Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management framework aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs. The company's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase.

c) Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities. The Company maintains adequate cash and cash equivalents along with the need based credit limits to meet the liquidity needs.

3 Capital Management

The Company's objective with respect to capital management is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Debt to equity ratio is used to monitor capital.

Particulars	As at March 31, 2025	As at March 31, 2024

INDEPENDENT AUDITOR'S REPORT**TO THE MEMBERS OF ACE INTEGRATED SOLUTIONS LIMITED****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of **ACE INTEGRATED SOLUTIONS LIMITED (the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group")**, (refer Note 28 to the attached consolidated financial statements) which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity, and the Consolidated Statement of Cash Flows for the year then ended, and notes to consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2025 and its consolidated loss, total consolidated comprehensive income (comprising of loss and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

..

Management's and Board Of Director's Responsibilities for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks,

and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of one subsidiaries (liquidated on March 27, 2025) whose financial statements reflect total assets of INR Nil lakhs and net assets of INR Nil lakhs as at March 31, 2025, total revenue of INR Nil, total comprehensive loss (comprising of loss and other comprehensive income) of INR 0.85 lakhs and net cash outflows amounting to INR 0.85 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements are audited and have been furnished to us by the Management, and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143, including Rule 11 of the Companies (Audit and Auditors) Rules, 2014 of the Act, including report on Other Information in so far as it relates to the aforesaid subsidiaries, is based solely on such audited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law have been kept so far as it appears from our examination of those books except for the matters stated in the paragraph 1 (i) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Consolidated Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid Consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 1 (b) above on reporting under Section 143(3)(b) and paragraph 1 (i) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its consolidated financial statements. – Refer Note 29.D.5 to the consolidated financial statements.
 - ii. The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company.
 - iv.
 - (a) The Management of the Holding Company has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management of the Holding Company has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Holding company has not declared or paid any dividend during the year.
 - vi. Based on our examination which included test checks and information given to us, the Holding Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.
 - The PPE (Property, Plant, and Equipment) software used by the holding company did not have an audit trail feature enabled, consequently, there was no audit trail maintained for transactions recorded within this particular software for the whole year.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with during the course of our audit.

2. As required by paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that there are no qualifications or adverse remarks included by us in our CARO 2020 report issued in respect of the standalone financial statements of the Holding Company which are included in these Consolidated Financial Statements.

In our opinion, and according to the information and explanations given to us, CARO 2020 is not applicable to the subsidiary companies included in these Consolidated Financial Statements, hence, this report does not contain a statement on the matter specified in paragraph 3(xxi) of CARO 2020 in relation to the subsidiary companies.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Ace Integrated Solutions Limited on the consolidated financial statements for the year ended 31st March, 2025 of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting of **ACE INTEGRATED SOLUTIONS LIMITED** (the “Holding Company”) as of March 31, 2025 in conjunction with our audit of the Consolidated Ind AS financial statements of the Company for the year ended on that date.

Managements and Board of Directors’ Responsibilities for Internal Financial Controls

The Management and Board of Directors’ of the Holding Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting

principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Disclaimer of Opinion

The company has not implemented the system of internal financial controls with reference to financial statements for its business processes considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Control over Financial Reporting and therefore, necessary evidences could not be made available to us to determine if the Company has established adequate internal financial controls with reference to financial statements and whether such internal financial controls were operating effectively as at March 31, 2025.

Disclaimer of Opinion

As described in the Basis for Disclaimer paragraph above, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion on whether the Company has adequate internal financial controls with reference to financial statements and whether such internal financial controls were operating effectively as at March 31, 2025 based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI. We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of the financial statements of the Company for the year ended March 31, 2025, and the disclaimer does not affect our unmodified opinion on the financial statements of the Company

Note: 29 Significant Accounting Policies & Notes to the Consolidated financial statements
A Corporate Information

The Company is engaged in contract business of highly confidential work of manpower recruitment of various govt/Semi govt organisation by processing online/offline application and conduction of examination, and processing of examination results. The Company also involves in the paper trading, printing business and trading of speciality chemicals.

B Basis of Preparation
C Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 (the Act) (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Use of Estimates

The preparation of financial statements in conformity with Ind AS requires management to make adjustments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expense and related disclosure concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and underlying assumptions are reviewed on an ongoing basis and revised if management became aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are recognized in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements. Application of accounting policies that require critical accounting estimates involving complex and critical judgment is disclosed in notes to accounts.

Classification of Assets and Liabilities as Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/noncurrent classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

d) All other assets are classified as non-current.

A liability is current when: - It is expected to be settled in normal operating cycle; - It is held primarily for the purpose of trading; - It is due to be settled within twelve months after the reporting period; or - There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current. Deferred tax assets/liabilities are classified as non-current.

Principles of Consolidation

- The financial statements of the Parent Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- Profits or losses resulting from intra-group transactions that are recognised in assets, such as Property, Plant and Equipment, are eliminated in full.
- In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).
- The audited / unaudited financial statements of foreign subsidiaries / joint ventures / associates have been prepared in accordance with the Generally Accepted Accounting Principle of its Country of Incorporation or Accounting Standards and the appropriate adjustments were made to the financial statements of foreign subsidiaries / joint ventures / associates to bring them in line with the requirements of Ind AS.
- Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Group

D) Material accounting policies

i) Property, Plant & Equipment and Depreciation

The company has elected the option to continue the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the date of transition as per Ind AS 101. Property, plant and equipment are stated at original cost net of tax/duty credit availed, less accumulated depreciation and accumulated impairment losses, if any.

Initial Recognition and measurement

An item of property, plant and equipment is recognised as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When parts of an item of property, plant and equipment have different useful lives, they are recognised separately. Property, Plant and Equipment are stated at cost of acquisition/installation or construction less accumulated depreciation and impairment losses, if any. Cost includes expenditure that is directly attributable to bringing the asset, inclusive of non-refundable taxes & duties, to the location and condition necessary for it to be capable of operating in the manner intended by management.

Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably. The cost of replacing part of an item of Property, Plant and Equipment is recognized in the carrying amount of the item, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. When each major inspection is performed, its cost is recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection (as distinct from physical parts) is derecognized. The costs of the day-to-day servicing of Property, Plant and Equipment are recognized in profit or loss as incurred.

Derecognition

Property, Plant and Equipment are derecognized when no future economic benefits are expected from their use or upon their disposal. Gains or losses on Derecognition of an item of Property, Plant and Equipment are determined by comparing net disposable proceeds with the carrying amount of Property, Plant and Equipment and are recognized in the statement of profit and loss under "Other Income/Other Expenses" when the asset is derecognised.

Depreciation

Depreciation is recognized in profit or loss on a Straight-line method (SLM) basis over the estimated useful lives of each part of an item of Property, Plant and Equipment.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment and depreciated individually.

Estimated useful lives of assets are determined based on technical parameters/ assessment, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Depreciation on additions to property, plant and equipment is provided on a pro-rata basis from the date of acquisition, or installation, or construction, when the asset is ready for intended use.

Depreciation on an item of property, plant and equipment sold, discarded, demolished or scrapped, is provided up to the date on which the said asset is sold, discarded, demolished or scrapped.

The determination of depreciation and amortization charge depends on the useful lives which is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. The residual values, useful lives, and method of depreciation of property, plant and equipment and intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

Residual Value has been taken between 0-5%

Useful life of the all Property, Plant and Equipment and Intangible assets are in accordance with Schedule II of the Companies Act, 2013 which are as follows:

Property, plant and equipment	Useful Life of Asset (In year) as per Schedule-II	Useful Life of Asset (In year) as adopted
Plant & Machinery	15	15
Motor Vehicle	8	8
Office Equipment	5	5
Computer	3	3
Servers/Networks	6	6
Electrical Installation	10	10
Furniture and Fixtures	10	10

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

ii) Impairment of Assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis. In such cases, the recoverable

amount is determined for the Cash Generating units (CGU) to which the assets belong. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of asset.

Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the assets no longer exists or have decreased.

iii) **Revenue Recognition**

The company trades in paper and speciality chemicals. Revenue arising from sale of products is recognized when significant risks and rewards of ownership have passed to the buyer under the terms of contract and the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Company.

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods provided in the normal course of business, net of discounts, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Any retrospective revision in prices is accounted for in the year of such revision.

Rendering of services

Revenue from time rate contracts are recognized based on time spent and /or parameters achieved in accordance with contracted terms. The Company collects service tax on behalf of the government and, therefore, it is not an economic benefit flowing to the company, hence it is excluded from revenue.

Revenue from fixed price construction contracts is recognized under percentage of completion method. Percentage of Completion method is determined as a proportion of cost incurred upto the reporting date to the total estimated contract cost. However, when the total project cost is estimated to exceed the total revenues from the project, the loss is recognized immediately.

Revenue from service contracts billed on a cost plus mark-up model is recognised on an accrual basis as and when the services are rendered and in accordance with the terms of the contracts. Revenue from services also comprises salaries and personnel expense, facility operating costs, general and administrative expenses, depreciation/amortization expenses and other statutory cost incurred for group companies and charged on a cost plus mark-up basis in accordance with the respective agreements and are recognised as and when these services are rendered.

Revenues from all other services are recognized as and when these are completed.

The billing schedules agreed with customers include periodic performance-based billing and / or milestone-based progress billings. Revenues in excess of billing are classified as unbilled revenues, while billing in excess of revenues is classified as contract liabilities (which we refer to as "unearned revenues"). For examination conduction, the performance obligations are satisfied as and when the services are rendered.

Interest Income:

Interest income is recognised on time proportion basis.

Other Income:

Any Other Income is recognised in the Statement of Profit and Loss Account as and when accrued.

iv) **Inventories**

(i) Inventories are valued on FIFO basis at lower of cost or estimated net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at cost or above cost.

(ii) Cost of Work in progress includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

(iii) Cost of finished goods and work in progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

(iv) Scrap is valued at Net Realisable Value.

v) **Taxation**

(a) **Current Tax**

Current tax expense is recognized in statement of profit and loss based on current tax rate in accordance with the provisions of Income Tax Act, 1961.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Current income taxes are recognized under “income tax payable” net of payments on account, or under “tax receivables” where there is a credit balance.

(b) **Deferred Tax**

Deferred tax is provided in full using the balance sheet method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

(i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

(ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or direct in equity.

vi) Provisions, Contingent Liabilities and Contingent Assets

Disclosure of contingencies as required by the Indian accounting standard is furnished in the Notes on accounts.

Provisions are made when (a) the Company has a present obligation as a result of past events; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate is made of the amount of the obligation.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes. Contingent assets are not recognized. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, and is recognized as an asset. Information on contingent liabilities is disclosed in the notes to the financial statement. A contingent asset is disclosed where an inflow of economic benefits is probable.

vii) Financial Instruments

(a) Financial Assets

Initial recognition and measurement

The company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Purchase and sale of financial assets are accounted for at trade date.

Subsequent Measurement: Non-derivative financial instruments

Financial assets carried at amortized cost (AC)

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(b) Financial liabilities

Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings etc. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs, if any.

Offsetting of Financial Liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

vii) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits.

ix) Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments. Operating Segments are identified and reported taking into account the different risk and return, organisation structure and internal reporting system.

x) Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is material to the fair value measurement as a whole:

Level 1- Quoted(unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is material to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is material to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reasoning categorization (based on the lowest level input that is material to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Fair Value Hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in an orderly transaction in the principal (or most advantageous) market at measurement date under the current market condition regardless of whether that price is directly observable or estimated using other valuation techniques. The Company has established the following fair value hierarchy that categorizes the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example traded bonds) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Fair value of financial assets and liabilities measured at amortized cost

As of March 31, 2025 and March 31, 2024 the fair value of cash and bank balances, trade receivables, other current financial assets, trade payables and other current financial liabilities approximate their carrying amount largely due to the short-term nature of these instruments. For other financial assets that are measured at amortised cost, the carrying amounts approximate the fair value.

2
Financial risk management

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents	Credit ratings	Diversification of Bank Accounts
Credit risk	Trade receivables	Ageing analysis	Part of daily business management

Credit risk	Financial assets measured at amortised cost	Ageing analysis	Credit limits

Liquidity risk	Borrowings, Trade payables, other financial liabilities	Maturity analysis	Part of daily business management

a)

Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments

(i) Trade Receivables.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by trade receivable buyout facility without recourse, letters of credit and other forms of security.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables and contract assets as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The group assigns the following internal credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of the financial assets. The group provides for expected credit loss based on the following.

Trade Receivables ageing as at March 31, 2025

Category	Description of category	Basis of recognition of
High quality assets, negligible credit risk	Assets where the counterparty has strong capacity to meet the obligations and where the risk of default is negligible or nil	Lifetime expected credit losses (simplified approach)
Quality assets, low credit risk	Assets where there is low risk of default and where the counterparty has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past	Lifetime expected credit losses (simplified approach)
Doubtful assets, credit-impaired	Assets where there is high risk of default and there is no reasonable expectation of recovery, the group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.	100 % provision is considered for doubtful assets, credit impaired

Particulars	Outstanding for following periods from due date of payment						
	Unbilled	Less than 6 Months	6 Months - 1 Year	1-2 Years	2-3 Years	More Than 3 years	Total

b)

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks: Foreign exchange risk, Interest rate risk and other price risk.

Interest Rate Risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. The Company mitigates this risk by regularly assessing the market scenario and finding appropriate financial instruments like Interest Rate Swap.

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:-

Particulars	As at March 31, 2025	As at March 31, 2024
Loans - Variable Rates		
Long Term Loan	8	14
Short Term Loan	6	6
Total	14	20

Impact on Interest Expenses for the year on 1% change in Interest rate

Particulars	As at March 31, 2025	As at March 31, 2024
Impact on P&L	0.14	0.20
Total	0.14	0.20

Commodity Price Risk

Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management framework aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs. The company's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase.

c) Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities. The Company maintains adequate cash and cash equivalents along with the need based credit limits to meet the liquidity needs.

3 Capital Management

The Company's objective with respect to capital management is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Debt to equity ratio is used to monitor capital.

Particulars	As at March 31, 2025	As at March 31, 2024
Debt	14	20

Defined Benefit Plan

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the gratuity plan, every employee who has completed at least five years of service gets a gratuity on departure at 15 days of last drawn basic salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The following
